### Directions

#### **Directions from the La Porte Area**

Take Hwy. 146 North over the Fred Hartman Bridge. Take the W. Main St. exit soon after descending down bridge. Go through first stop-lighted intersection. At second stop-lighted intersection (W. Main St.) turn left. On W. Main St. go to stop-lighted intersection at Market St. Turn left (west) on Market St. Continue on Market St. for approximately 0.5 miles. Turn left on Wisconsin (street name will change to Bayway Dr.). Travel for approximately 2.6 miles until you see the Baytown Nature Center sign and waterfall on left.

#### **Directions from the Houston Area**

Take I-10 East. Shortly after passing the San Jacinto River, take the Baytown, Spur 330 exit. This will put you on Spur 330 (Decker Drive) going south. Go 1 mile, turn right (west) on Bayway Dr. Go through the next light at Baker, then watch for the Baytown Nature Center sign and waterfall on your right.

#### **Directions from the Beaumont Area**

Take I-10 West. Take the Wade Road Exit to the left and continue until it dead ends at Spur 330. Turn left onto Spur 330, then right on Baker Rd. Baker Rd. will dead end at Bayway Dr. Turn left and watch for the Baytown Nature Center sign and waterfall on your right.

### Parking

On site

### Registration Area

On site

### Area to be Cleaned

Shorelines of Scott Bay, Crystal Bay, and Burnet Bay in the Baytown Nature Center.

### Description of Cleanup

We begin with registration and assigning volunteers areas to clean. They return around 11:45 am, wash up, eat lunch, win door prizes, participate in or listen to a presentation, if offered. Wet, muddy, temperature varies from extreme cold to very warm. Gloves and trash bags are provided.

---

### Schedule for the Day
